

100% RECYCLING

- ❖ SHREDDING
- ❖ CRUSHING
- ❖ GRINDING
- ❖ POWDERING
- ❖ DEWATERING
- ❖ FILTERING
- ❖ SORTING
- ❖ CONVEYING
- ❖ STRIPPING

DUAL SHAFT MULTIPURPOSE SHREDDER

SINGLE SHAFT MULTIPURPOSE SHREDDER

SLUDGE MULTI DISC DEWATERING SYSTEM

ONE POINT SOLUTION FOR COMPLETE SIZE REDUCTION & FILTRATION TOWARDS

SINGLE SHAFT SHREDDER
WITH HYDRALIC PUSHER

GRINGER & CRUSHING
MACHINE

FEEDING, SORTING
DISCHARGING CONVEYORS

SHREDDER WITH
DEWATERING SYSTEM

SOLID LIQUID
SEPRATION SYSTEM

BELT TYPE DEWATERING
FILTRATION SYSTEM SEPRATION SYSTEM

Ecozone Concepts – Manufacturer of Industrial Processing & Recycling machinery

Ecozone Concepts, an ISO 9001:2015, BIC certified company, is an expertise in wide variety of waste management plants and water treatment solutions across industry, homes, and communities including waste burning plants to treat different domestic and commercial garbage with zero pollution and Testing and purifying water to ensure whether the quality meets the drinking water standard and to ensure safe drinking water for homes and communities

We stand out in terms of experience and expertise when it comes to crushing, shredding, conveying, and dewatering machineries. Ecozone Concepts is a leading engineering and manufacturing company dealing with recycling and waste management machinery. We supply our products to industries which turn waste to energy and extract valuable recyclables such as paper, metals, glass, plastics, manures, organic fertilizer, liquid fertilizer, and biogas that can be sustainably reprocessed

Operating nationally, we design and install both single machines and turnkey solutions for conveying, separating, sorting, and screening. We offer complete machinery for the size reduction, dehydration, (Machineries like - SHREDDERS, SHREDDER WITH DEWATERING, POLYSTYRENE-SHREDDERS, PULVERISERS, CRUSHERS, GRINDERS, FINE-GRINDERS, SORTING-FEEDING-DISCHARGE-CONVEYORS, SOLID LIQUID SEPARATORS, SLUDGE DEWATERING, GRANULATORS, PIPE-GRANULATORS, WIRE GRANULATORS, PROFILE-GRANULATORS, WIRE STRIPPERS, BALE-BREAKER, HAMMER MILLS, BLENDERS, LOG MAKER, GUILLOTINES) and preparation of waste from production and waste collection points

With our in-house team of mechanical engineers, electrical engineers and production facility, we supply customized machinery with high throughput and excellent recovery rates

For special application projects we can provide individual customized machines and systems designed specifically for the customer's needs. Special attention is devoted towards the automation of the recycling equipment. And so, in Recycling plant we use to implement the automated management in favour of the quality, reliability and safety of the recycling machines

RECYCLE- THE POSSIBILITIES ARE ENDLESS
